

2007 Presentations of Toxicology Staff and Students

American Academy Forensic Sciences

**Carl Wolf, Rachel Monteran, Ronald Backer and Alphonse Poklis,
“Evaluation of the Lin-Zhi International Opiate Enzyme Immunoassay for
the Detection of Opiates in Urine”**

Mid-Atlantic Association of Forensic Science

**Angela Owens, Carl Wolf and Alphonse Poklis
“Extraction Efficiency of Amphetamines and Methylenedioxyamphetamines
from Neutral Body Fat”**

**Whitney Garrett, Carl E Wolf, Ronald Backer and Alphonse Poklis
“Evaluation of the Lin-Zhi International Oxycodone Enzyme Immunoassay
for the Detection of Oxycodone and Hydrocodone in Urine”**

**Angela Tucker, Carl Wolf and Alphonse Poklis,
“Extraction Efficiency of Amphetamines from Blow Fly (*Phormia regina*)
Larvae”**

**Gerald DeLomg, Carl Wolf and Alphonse Poklis
“Validation of a Mass Spectrometry Method for Determination of
Cannabichromene in Blood and Brain Specimens”**

**Carl Wolf, Melissa Dragoo and Alphonse Poklis
“Incidence of Drug Abuse Meconium Testing Program”**

**Alphonse Poklis
“Therapeutic Misadventures: Mismanagement of Pain With Excessive Over
Prescribing”**

Society of Forensic Toxicologist

**Justin L. Poklis and Alphonse Poklis,
“A case of acute arsenic poisoning and hundred year review of arsenic tissue
distribution in acute and subacute poisoning”.**

**Racheal Monteran, Ronald C. Backer, Carl E. Wolf, and Alphonse Poklis,
“Evaluation of the Lin-Zhi International propoxyphene Enzyme
Immunoassay for the Detection of propoxyphene and norpropoxyphene in
Urine”.**

**Greg T. Gin and Alphonse Poklis,
“Look Mom No Hands: Toxicology testing in the automated clinical
laboratory”.**

**Gerald DeLong, Carl E. Wolf, Alphonse Poklis, and Aron Lichtman.
“Cannabichromene exhibits cannabinoid activity in the mouse tetrad”.**
