The VCU Medical Center Department of Pathology Laboratories offer seven locations in the Richmond community area where patients may access timely services, including geriatric, adult and pediatric blood collections and urine collections.

Upon arrival please register with the Patient Services Representatives and indicate the purpose of your visit is for laboratory services only.

All six locations are open Monday — Friday unless that day falls on a designated holiday.

We are *closed* for the designated holidays:

Thanksgiving, Christmas, New Year's, Memorial Day, July 4th, and Labor Day.

Closures due to inclement weather are listed with the VCU Medical Center's closings on all local news stations.

VCU Medical Center's community locations now accept many traditional indemnity insurances, Medicare, Medicaid, and Optima Health products. Please refer to the comprehensive list of the insurances accepted on the reverse side.
